# E-Safety

Be safe Online

Safe

- Keep your personal information safe.
- When chatting or posting online don't give away things like your full name, password or home address.
- Remember personal information can be seen in images and videos you share to.
- Keep them safe to keep yourself safe.

Meet

- Meeting up with someone you know online, even a friend of a friend, can be dangerous as this person is still a stranger.

- If someone you only know online ever asks you to meet up, for personal information or for photos/videos of you then tell an adult straight away

Accepting

- Think carefully before you click or open something online (e.g. links, adverts, friend requests, photos) as you never know where they may lead or they may contain viruses.

- Do not accept something if you are unsure of who the person is or what they've sent you.

Reliable

- You cannot trust everything you see online as some things can be out of date, inaccurate or not entirely true.

- To find reliable information compare at least three different websites, check in books and talk to someone about you have found.

Tell

- Tell a trusted adult if something or someone ever makes you feel upset, worried or confused. This could be if you or someone you know is being bullied online.

- There are lots of people who will be able to help you like your teachers, parents and carers

Strong Password Making

- To make a strong password you need numbers, lowercase and uppercase letters and symbols.

- Do not include your name, year you were born etc

Entertainment Safety

- ROBLOX – Bots may join games and say you should go to websites to generate free ROBUX (roblox currency) which in hindsight is always a scam.

- Minecraft- People may join your game and try add you as a friend and try bribe you to tell them your password and personal information.

- FORTNITE – V-buck scams (FORTNITE currency) people can add you as a friend and say to go somewhere and say they'll say they will give you V-Bucks.
